

Unit 2 Outcome 2

2009 Year 11

Gattaca SAC Questions

1. GATTACA shows that genes do not determine one's life, and that other factors matter more.
2. Sorry, the wind caught it', is said by Vincent and Irene when they let each other's potentially genetically profiled hair go. In having the characters react this way, what is the film GATTACA trying to show us about people and their capacity to look past imperfections.
3. In the film GATTACA, Vincent says 'I never saved anything for the swim back.' How did Vincent push himself to his limits to achieve his goals? How did others help him achieve his goals?
4. Director Joseph claims that 'no-one' can exceed their potential.' The film GATTACA shows us that human beings can and fortunately they do.

NOTE

1. You must plan for all **FOUR** questions over the holidays.
2. Two questions will be chosen for the SAC and you choose **ONE** to answer.
2. You will only have two sessions to write this SAC when you get back. Your teacher cannot explain the questions to you.
3. You may bring one A4 single sided sheet of planning into the SAC only.
